Summary

Passionate about anything and everything security related. An experienced IT Consultant with 4 years of experience working in an agile large corporate environment and providing unforgettable experiences to many clients. Doing all this while maintaining my addiction to expanding my cyber security knowledge and experience through my home lab as well as projects.

I am young, passionate, and ready to make an impact!!!. I am a Certified Ethical hacker Master plagued with the overwhelming urge to tinker, figure things out, and protect your organization from cybercriminals. Currently working towards obtaining my Microsoft Security Operations Analyst Certification by March 2023.

Please take the time to view my portfolio at <https://rootpluginsolutions.com/> to see all the exciting projects I'm working on.
